

PRESS RELEASE: ROAD MILLING AND RESURFACING TO BEGIN JULY 18TH

The Town has been notified that NCDOT will begin resurfacing work tomorrow (July 18th) at 9am on three main roads in Kernersville. According to information from the contractor the following roads will be milled and resurfaced:

- South Main Street from Cherry Street to Mountain Street
- Salisbury Street from the bridge over Business 40 to Main Street
- Mountain Street from Old Greensboro Road to 4th of July Park (approximately)

The contractor will begin milling the portion of South Main Street on Wednesday July 18th. It will take approximately two days to complete the milling. Milling on Salisbury Street is scheduled to begin Friday July 20th and be completed by Sunday July 22nd. Milling on Mountain Street is scheduled to begin Monday July 23rd and be completed by Thursday July 26th.

Once the milling is completed for all of the roads the contractor will begin paving. It is anticipated that paving will begin Friday July 27th. It will take approximately two weeks to complete the paving.

The work will be conducted during the day from 9am-6pm. The schedule is tentative and subject to change depending on weather. There may be travel delays during this time. Please plan accordingly.
