Letter of Transmittal

Honorable Mayor
Members of the Board of Aldermen
Town of Kernersville, North Carolina

Town Profile

The Town of Kernersville, incorporated in 1871 and uniquely centered between the cities of Greensboro, High Point and Winston-Salem, continues to grow and prosper. According to North Carolina state demographics, Kernersville has a population of 26,093 as of July 1, 2019 and occupies a land area of 17.998 square miles.

The Town is empowered by the state of North Carolina to levy a property tax on both real and personal properties located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the governing body. The Town of Kernersville has operated under the council-manager form of government since 1965. Policy-making and legislative authority are vested in a Board of Aldermen (Board) consisting of the mayor and five other members. The Board is responsible for, among other things, passing ordinances, adopting the budget, appointing committees, and hiring both the Town's manager and attorney. The Town Manager is responsible for carrying out the policies and ordinances of the Board, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments. The Board is elected on a non-partisan basis and members, including the Mayor, serve two-year terms. The Town of Kernersville provides a range of services, including: police and fire protection, street maintenance/construction, fire and building inspections, community development, garbage collection and recreational activities.

Local Economy and Long-Term Financial Planning

The local economy continues to experience growth during this fiscal year, which has allowed Kernersville to increase its tax base. Planning for the needs of the community and enhancing the quality of life in Kernersville are two of the Town's top goals. Kernersville continues to develop and benefit from the considerable efforts of the Town's departments and long-range planning. Job growth continues to take place which is stimulating residential growth back to of level of pre-recession growth.

Development Activity

The overall valuation of new construction for fiscal year-end (FYE19) is \$140,182,037, a 120% increase from FYE18. The Town permitted over 1,645,729 square feet of new commercial space, including 1,016,041 square feet for an Amazon fulfillment center. Other large commercial projects include a new 349,212 square foot industrial building at Triad Business Park, a new 70,121 square foot building for Averitt Trucking, a new 53,326 square foot building for Old Dominion Freight Line and an 87,719 square foot addition to Grass America. The Town permitted 141 single-family residential detached permits, as well as an additional 37 single-family residential attached permits.

Commercial, Institutional and Industrial

- The Town issued permits for 18 new buildings, of which 15 were valued over \$100k.
- New commercial projects in this category include two new commercial buildings in the Main Street Market shopping center (\$840k and \$730k), and Take 5 Oil Change (\$500k).
- New office projects include NC Farm Bureau (\$550k) and the Kerner Mill leasing office (\$390k).
- New industrial projects include Amazon (\$59 million), Averitt Trucking (\$11.6 million), a shell building at Triad Business Park (\$10 million), Old Dominion Freight Line (\$6 million), and Grass America (\$5.5 million).
- The Town issued 54 permits for commercial upfits, of which 23 were valued over \$100k. This includes Kernersville Elementary School (\$754k), Petco Vet Clinic (\$660k), and Go Health Urgent Care (\$490k).

Town Government

- A new 19,000 square foot headquarters for the Fire Department, valued at \$6.9 million was completed.

Infrastructure

Some of the most significant infrastructure projects that are currently under construction or have been completed during the fiscal year 2018-19 include the following:

- The Kerners Mill Creek Greenway Park is a greenway extending from Oakhurst Drive to Hopkins Road along the Kerners Mill Creek is in the final phase of right-of-way acquisition.
- NCDOT completed construction of the South Main Street and Old Winston Road improvements.
- NCDOT is constructing Macy Grove Road extension from Business-40 to Piney Grove Road. Construction on the first phase from East Mountain Street to North Main Street has begun. The second phase from North Main Street to Piney Grove Road is projected to start in 2022. This extension provides a by-pass around the northern portion of Town and further economic development on the north side of Town.
- NCDOT is currently finalizing the design of the Business-40 Big Mill Farm Road interchange and road widening of Hopkin Road from Big Mill Farm to NC 66. This interchange and road widening provides traffic relief to the South Main Street regional commercial center.

Projects like this have a positive impact on the Town's economy which will further provide increased revenues to fund the necessary services needed to keep the Town vibrant and flourishing. New businesses will continue to locate in Kernersville due to its strategic central location in the Piedmont Triad Metropolitan Region, quality of life, and financial stability. The Town will continue to enjoy growth in the residential and business arena with such major business facilities as FedEx Ground's 125-acre regional hub; Amazon's new 1,000,000+ square foot fulfillment center; Deere Hitachi's 1,000,000+ square foot manufacturing complex and corporate headquarters; Veterans Administration's regional health clinic; and Novant's regional medical center.

Community Participation

Partnering with Town officials, local citizen groups are adding to the success of Kernersville. While the Town has many organizations that are standard to most communities, it has several unique associations that many cities and towns do not have. These organizations add value to the community in a way that further increases the Town's appeal to prospective businesses and residents. In addition to numerous civic, craft, recreational and newcomer organizations, the Town has: Kernersville Cares for Kids, Kernersville Little Theatre, Shepherd's Center of Kernersville (for seniors), Kernersville Community Appearance, Körner's Folly Foundation (historic in nature), Paul J. Ciener Botanical Garden, Chamber of Commerce and the Kernersville Council. These organizations add "flavor" and support to Kernersville benefiting both the citizens and the local economy. All of these efforts, and others, enable me to provide an annual financial report that reflects a stable local economy and a financially sound government for the fiscal year ended June 30, 2019.

The Report

The Comprehensive Annual Financial Report (CAFR) for Fiscal Year Ended June 30, 2019 reflects the fiscal policies our elected officials have established to achieve their annual priorities for program services and capital improvements. The Town's continued economic growth coupled with realistic long-term planning, management of resources and conservative use of debt are all a part of a proven formula to ensure positive operating results.

This CAFR consists of management's representations concerning the finances of the Town of Kernersville for the fiscal year ended June 30, 2019. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented herein. Management of the Town of Kernersville has established a comprehensive internal control framework that is designed to compile sufficient reliable information for the preparation of the Town's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the Town's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

North Carolina general statutes require each unit of local government to publish, within four months after the close of the fiscal year, a complete set of financial statements presented in conformity with GAAP and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to this requirement, the Town engaged Dixon Hughes Goodman LLP, independent auditors, to perform an audit of the Town's reported financial position and results of operations contained in the government-wide, fund financial statements and notes to the financial statements. Working with the Town's financial staff, they made appropriate tests of data included in the financial statements and evaluated the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified (clean) opinion that the financial statements of the Town of Kernersville for the fiscal year ended June 30, 2019 are fairly presented in conformity with generally accepted accounting principles. The report of independent auditors is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Town of Kernersville is part of a broader, state mandated "Single Audit" designed to meet the special needs of state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the Town's internal controls and compliance with legal requirements, with emphasis on administration of state grants.

The system of internal controls is designed to provide reasonable assurance that assets are safeguarded, that transactions are executed in accordance with state statutes, GAAP, authorization of the Board, and that financial records are a reliable basis for preparation of annual financial statements. The system includes selection and training of qualified personnel, an organizational structure that provides appropriate delegation of authority and separation of responsibilities, an understanding of financial policies and procedures, and an internal audit program.

Assuring legal compliance with state statutes requires an accounting system that contains a variety of distinctly different fiscal and accounting entities. The annual budget serves as the foundation for the Town's financial planning and control. The Board is required to legally enact a final budget, by way of a Budget Ordinance or Project Ordinance, before the close of the fiscal year. The Budget Ordinance and Project Ordinances are prepared by fund and department, and are formally amended by the Board, when required. The Town Manager is authorized to transfer budget amounts between line items within a department, but changes between departments and/or funds require approval of the Board.

Conservative budgeting is management's key strategy to maintaining financial stability and it is an integral part of the Town's financial policy. The healthy fund balance of the Town's chief fund, the General Fund, attests to that.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada has awarded the highest form of recognition of governmental accounting and financial reporting, the Certificate of Achievement for Excellence in Financial Reporting, to the Town of Kernersville for each Annual Financial Report (Comprehensive) since 1997. We believe that this 2019 CAFR conforms to the highest reporting standards as well.

Deserving special commendation for the success of the Town's operations are skilled, talented and dedicated employees - the work force of the Town of Kernersville. Acknowledgement and appreciation are expressed for their contributions to another successful year. I also express my appreciation to the Mayor, Board of Aldermen and Town Manager for leadership, guidance, and establishment of policies for managing financial operations in a sound and progressive manner.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Town of Kernersville's MD&A can be found immediately following the report of the independent auditors.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'Franz Ader', with a long, sweeping horizontal line extending to the right.

Independent Auditors' Report

Honorable Mayor and Members
of the Town Board of Aldermen
Town of Kernersville
Kernersville, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Kernersville, North Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Kernersville as of June 30, 2019, and the respective changes in financial position and cash flows, where appropriate thereof, and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 5 through 18, the Law Enforcement Officers' Special Separation Allowance Schedules of Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, on pages 67 and 68, respectively, the Schedule of Changes in the Total OPEB Liability and Related Ratios, on page 69, and the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Asset and Contributions, on pages 70 and 71, respectively, be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information, and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the Town of Kernersville, North Carolina. The introductory section, combining and individual non-major fund statements and schedules, other supplementary information, the statistical section, and the Schedule of Expenditures of Federal and State Awards as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administration Requirements, Cost Principles, and Audit Requirement for Federal Awards*, and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and fund statements, budgetary schedules and other schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and schedules, other supplementary information and Schedule of Expenditures of Federal and State awards are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2018 on our consideration of the Town of Kernersville's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance, and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Kernersville's internal control over financial reporting completion.

Management's Discussion and Analysis

As management of the Town of Kernersville, we offer readers of the Town of Kernersville's financial statements this narrative overview and analysis of the financial activities of the Town of Kernersville for the fiscal year ended June 30, 2019. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

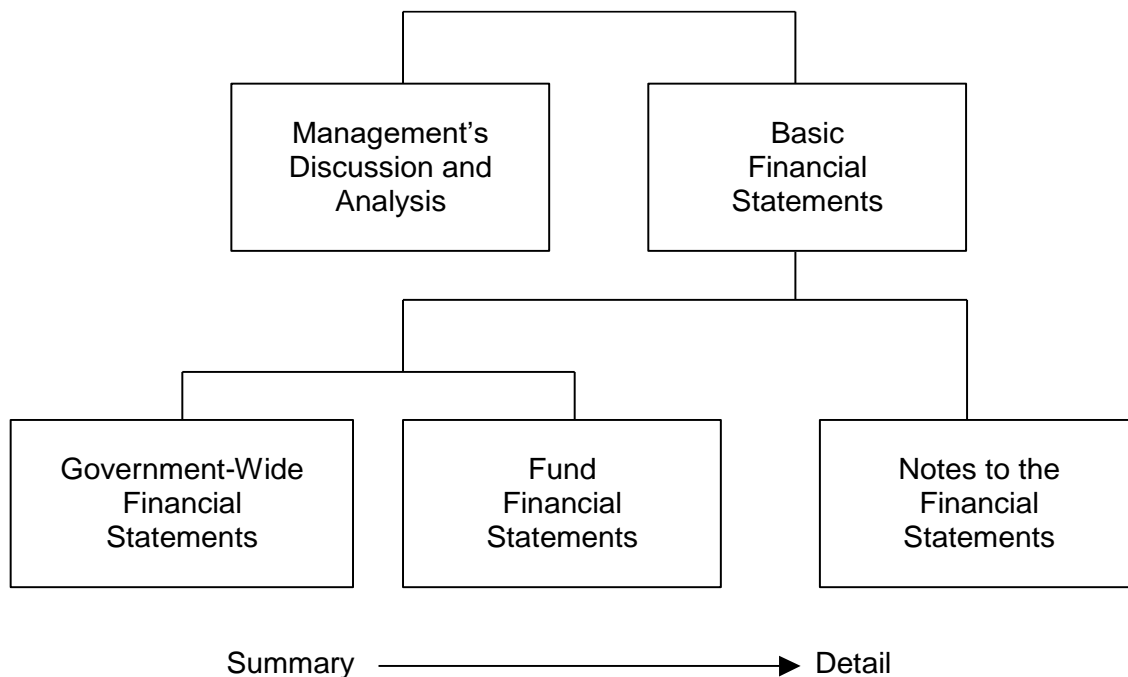

Financial Highlights

- The assets and deferred outflows of resources of the Town of Kernersville exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$131,466,129.
- The government's total net position decreased by \$573,448 in the current fiscal year, primarily the result of grant revenue in the Stormwater Fund that was not received to offset stream restoration project expenses.
- As of the close of the current fiscal year, the Town of Kernersville's governmental funds reported combined ending fund balances of \$17,465,427. Approximately 62.9% of this total amount, or \$10,990,040 is available for spending at the government's discretion (unassigned).
- Approximately 8.5% of the total combined governmental fund balance or \$1,484,221 is committed to capital projects and about 24.2% or \$4,233,989 is non-spendable or restricted either by state statute or funding source.
- At the end of the current fiscal year, the unassigned fund balance for the General Fund of \$10,990,040 represented 34.8% of total General Fund expenditures for the fiscal year.
- The Town of Kernersville's total debt of both governmental and business-type activities had a net decrease of \$563,576 during the fiscal year ending June 30, 2019. The net decrease was primarily the result of the decrease in state revolving loan and street construction refunding bond payments.
- The Town of Kernersville bond rating from the Standard and Poor's Corporation is AA+ on its street construction refunding bonds. Moody's Investor Service rated this issue at Aa2. These street construction bonds represent the only general obligation debt of the Town. At June 30, 2019, the street bond outstanding principal was \$2,040,000.
- For fiscal year 2018-19, the Town's property tax rate was \$0.5700 and supported 54.6% of governmental services to citizens and the community based on government-wide statements.

Overview of the financial statements

This Discussion and Analysis is intended to serve as an introduction to the Town of Kernersville's basic financial statements. The Town's basic financial statements consist of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of Kernersville.

Required Components of Annual Financial Report
Figure 1

Basic financial statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-Wide Financial Statements**. They provide both the short- and long-term information about the Town's financial status.

The next statements (Exhibits 3 through 8) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: (1) the governmental funds statements; (2) the budgetary comparison statements; and (3) the proprietary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain, in detail, some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the General Statutes can also be found in this part of the statements.

Government-wide financial statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net position and how it has changed. Net position is the difference between the Town's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the Town's financial condition.

The government-wide statements present all of the Town's governmental activities. The governmental activities include the Town's basic services such as public safety, public service, parks and recreation, and general administration. Property taxes, other taxes, intergovernmental revenues, and state and federal grant funds finance most of these activities.

The required supplemental financial data are on Schedules A through C of this report.

Fund financial statements

The fund financial statements (see Exhibit 3 through 8) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Kernersville, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of the Town of Kernersville can be divided into two categories: governmental funds and proprietary funds.

Governmental funds - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*, which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed, short-term view that helps him or her determine if there are more or less financial resources available to finance the Town's programs. The relationship between governmental activities (reported in Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town of Kernersville adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current-period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: (1) the original budget as adopted by the Board; (2) the final budget as amended by the Board; (3) the actual resources, charges to appropriations, and ending balances in the General Fund; and (4) the difference or variance between the final budget and the actual resources and charges.

Proprietary funds - The Town's Internal Service Fund is classified as a type of proprietary fund. The Town uses an internal service fund to account for its Self-Insurance operations. Because this operation benefits governmental activities, the internal service fund has been included within the Governmental Activities in the government-wide financial statements. The Stormwater Enterprise Fund receives revenues from user fees for stormwater program expenses and capital improvements/repairs.

Notes to the financial statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 35 to 63 of this report.

Other information - In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the Town of Kernersville's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 65 of this report.

Interdependence with other entities - The Town depends on financial resources flowing from, or associated with, both the federal government and the state of North Carolina. Because of this dependency, the Town is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and state laws and federal and state appropriations. It is also subject to changes in investment earnings and asset values associated with U.S. Treasury Securities because of actions by foreign governments and other holders of publicly held U.S. Treasury Securities.

Over time, net position may serve as one useful indicator of a government's financial condition. The total governmental assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$131,466,129 at June 30, 2019. The largest portion of net position (101.3%) reflects the Town's net investment in capital assets (e.g., land, buildings, machinery, and equipment) less any related debt still outstanding that was issued to acquire those items. The Town uses these capital assets to provide services to citizens. Consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town's net position, \$3,562,507, represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$(5,332,366) is unrestricted.

Several particular aspects of the Town's financial operations positively influenced the total unrestricted governmental net position:

- Current year property tax collections were \$17,741,095, representing an increase of \$1,267,069 primarily due new construction being added. This year's property tax collection rate was 99.36%.

Town of Kernersville, North Carolina
Management's Discussion and Analysis

- Sales and use tax collections were \$5,640,887, representing an increase of \$310,015 over last year's collections. This increase of 5.8% over last year's collections represents an above average economic growth in Kernersville.
- Penalties and interest earnings in the governmental funds were \$386,317, representing an increase of \$220,304. This increase of 132.7% is attributed to an increase in the collection of tax penalties and loan escrow account interest.

Governmental activities. The Town's net position from governmental activities decreased by \$(63,129) during the year. This net decrease is primarily the result of expenses exceeding program and general revenues for the fiscal year ending June 30, 2019.

Town of Kernersville, North Carolina Management's Discussion and Analysis

Business-type activities. The Town's net position from business-type activities decreased by \$(510,319) during the year. This net decrease is primarily the result of increased expenses.

Financial analysis of the Town's funds

As noted earlier, the Town of Kernersville uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Town of Kernersville's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town's financing requirements.

The General Fund is the chief operating fund of the Town of Kernersville. At the end of the current fiscal year, the fund balance was \$16,623,471, of which \$4,227,945 was restricted or non-spendable and \$12,389,482 was either committed, assigned or unassigned. \$3,091,734 was restricted by state statute. Committed fund balance amounted to \$1,013,448 and is set aside for capital projects. \$385,994 was assigned and \$10,990,040 was unassigned.

As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The unassigned General Fund - fund balance of \$10,990,040 represents 34.8% of total General Fund expenditures, while the total General Fund - fund balance of \$16,623,471 represents 52.6% of that same amount.

The Fire Department Facility fund balance at the end of the fiscal year was \$334,651, the entire amount was committed for capital projects. The fund exhibited a decrease of \$(3,357,037) or 91% decrease. This was due the new facility being almost completed during the fiscal year.

The Town had six Non-Major Special Revenue or Capital Project Funds: Occupancy Tax Fund, Emergency Telephone System Fund, Contributions Fund, Law Enforcement Forfeitures Fund, Public Works Facility Capital Projects Ordinance Fund, and Kerner Mill Greenway Capital Projects Ordinance Fund. These funds had a total fund balance of \$507,305 at the fiscal year end. Of this amount, \$470,773 was restricted by state statute or other uses, while \$36,532 was committed for capital projects.

Key changes in several non-major special revenue funds are summarized in the following narrative. The Occupancy Tax Fund had an increase in fund balance of 67.4% or \$37,410 due to both occupancy tax and investment earnings revenues being 27.1% more than budgeted. The Emergency Telephone System Fund saw an increase in fund balance of 26.4% or \$12,105 due primarily to public safety expenditures being 13.6% or \$11,638 less than budgeted. The Contributions Fund had a decrease in fund balance of \$(5,179) or (5.6)% primarily due to a decrease in donation revenues of (44.4)% or \$(7,352). The Law Enforcement Forfeiture Fund had a decrease in fund balance of \$(24,587) or (9.6)% due primarily to Police Department expenditures exceeding revenues.

Of the Non-major Capital Project Funds, the Public Works Capital Projects Ordinance Fund has a decrease in fund balance of (99.8%) or \$(11,134) due primarily to expenditures being greater than revenues and the completion of the project. The Kerner Mill Greenway Capital Projects Ordinance Fund had an increase in fund balance of 402.5% or \$30,469 due primarily to a \$40,000 transfer in from the General Fund.

At June 30, 2019, the total of the General Fund and all other governmental funds of the Town reported a combined fund balance of \$17,465,427, with a decrease of (4.9)% or \$(900,246) over the previous year. The decrease is primarily due to a (79.8)% or \$(3,317,853) decrease in the restricted and committed fund balances of the Fire Department Facility Capital Project Ordinance Fund.

General Fund budgetary highlights: Generally, budget amendments fall into one of three categories: (1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; (2) amendments made to recognize new funding amounts from external sources, such as federal and state grants; and (3) increases in appropriations that become necessary to maintain services.

Town of Kernersville, North Carolina Management's Discussion and Analysis

There were seven (7) budget amendments during the fiscal year. The seven budget amendments resulted in a total net increase in budgeted General Fund expenditures of \$3,380,121 for the fiscal year. The net increases include a combination of both carry-over purchases and projects and new construction improvements. The most notable carryover purchases or projects include the following: street resurfacing (\$269,986), Founders Park improvements (\$280,120), and Ivey Redmon Sports Complex ballfield lighting (\$675,000). New notable budgetary increases include the following: fire pumper truck (\$737,000), National Pipe road, water, and sewer construction (\$441,300) and the South Main Street road improvements (\$1,500,000).

Numerous budget-to-actual variances in both revenues and expenditures warrant discussion. The most notable budgeted revenue variances occurred in the Ad Valorem Taxes, Unrestricted Intergovernmental, and Restricted Intergovernmental Revenue categories. The largest source of revenue within the General Fund consists of Ad Valorem taxes for real property (buildings, houses, etc.), individual/business personal property (equipment) and vehicles. This revenue source presented the largest revenue variance within the General Fund with a positive budget variance of \$676,422 or 4.1% as a result of conservative budget estimates.

The second largest budgetary variance occurred within the Unrestricted Intergovernmental Revenues category that consists of revenues collected from taxes and fees for which the receiving government has unrestricted use. This category had an overall positive increase of \$341,305 or 4.2%. Within the category, the utility sales tax revenues had a positive budget variance of \$193,821 or 13.7% and the local option sales and use tax revenues had a positive budgetary variance of \$120,920 or 2.2%. Both of these were a result of conservative budget estimates coupled with greater than anticipated growth.

The Restricted Intergovernmental Revenues category consists of state, local, and federal grants and other funds that are restricted by their use. This category had the third largest budgetary variance of \$(204,473) or (15.4)%. Within the category, the most notable budgetary variance was a decrease in the City-County Utilities Commission (CCUC) reimbursements in the amount of \$(219,185) or (46.8%) as a result of projects that did not occur or were not completed by fiscal year end.

The total net budget variance in the Town's general fund revenue excluding transfers in or out was a positive \$886,034 or 2.8%.

The budget to actual variances were positive in all expenditure categories: General Government, Public Safety, Public Service, Culture and Recreational and Debt Service. Notable budget variances within several categories warrant explanation. Within the General Government category, all departments experienced positive budget to actual variances with the category having a positive budget variance totaling \$254,818 or 4.7%. The greatest variances occurred within the Governing Body and Planning and Zoning Departments. The Governing Body Department had a positive variance of \$123,459 or 9.0% primarily due to legal expenses and contracted services being lower than predicted. The Planning and Zoning Department had a budget variance of \$36,554 or 8.9% primarily due to personnel, operating, and maintenance being lower than predicted.

The Public Safety category had a positive budget variance of \$1,434,057 or 8.6%. All departments within the category experienced positive budget to actual variances with the Fire and Police Departments having the largest. The Fire Department had the largest positive budget variance of \$957,175 or 13.3% primarily because personnel-related expenses were lower than predicted and a new fire pumper truck was not received by fiscal year end. The Police Department had a positive budget variance of \$449,058 or 5.0% primarily because personnel-related expenses and departmental supply expenses were lower than predicted. Also, the Lobby Renovation Project was not completed by fiscal year which contributed to the positive variance.

The Public Service category had the greatest positive budget variance totaling \$2,443,360 or 23.8%. Two departments with notable budget variances within the category were the Engineering and Street Departments. The Engineering Department had the largest positive budget variance of \$1,922,696 or 86.1% primarily because the South Main Street road improvement project (\$1,500,000) was not expensed by fiscal year end. Also, the National Pipe and Plastic roadway, water, and sewer project was not completed by fiscal year end. The Street Department had a total positive budget variance of \$355,730 or 10.0% primarily because paving improvements were not completed and street lighting expenses were lower than predicted.

Town of Kernersville, North Carolina Management's Discussion and Analysis

Within the Cultural and Recreational category, all departments experienced positive budget to actual variances with the category having a positive budget variance totaling \$924,358 or 28.2%. The Recreation Department had the greatest positive variance of \$913,960 or 28.4% primarily due to operational and park maintenance expenses being less than predicted and a ballfield lighting project (\$675,000) at the Ivey Redmon Athletic Sports Complex was not completed.

The total expenditure variance for all categories and departments within the General Fund including debt service (excluding transfers in or out) was \$5,056,593 or 13.8%. Including transfers and other financing sources, no fund balance was appropriated (compared to the budgeted amount of \$2,788,512) to balance General Fund revenues with General Fund expenditures.

Proprietary funds. The Town of Kernersville's proprietary funds provide the same type of information found in the government-wide statements. The Town has two proprietary funds: the Stormwater Utility Fund and the Worker's Compensation Fund.

The Stormwater Enterprise Fund receives revenues from user fees for stormwater program expenses and capital improvements/repairs. The Stormwater Enterprise Fund total net position decreased by \$(510,319) or 26.0% during year to \$1,450,289. This net decrease is primarily the result of grant revenue that was not received to offset stream restoration project expenses.

The Workers Compensation Self-Insurance Fund - the Town's only internal service fund - provides insurance for workers compensation claims for Town employees. The assets of this fund will fluctuate yearly depending upon the number and dollar amount of claims made against it. Total net position of the Self-Insurance Fund at the end of the fiscal year increased an amount of 17.1% or \$161,482 to a total of \$1,105,055.

Capital asset and debt administration

Capital assets. The Town of Kernersville's capital assets for its governmental activities as of June 30, 2019 totals \$154,285,825 (net of accumulated depreciation). These assets include buildings, roads, and bridges, land, machinery and equipment, park facilities, and vehicles. The Town of Kernersville's capital assets in the business-type activities or the Stormwater Fund totaled \$1,406,060.

For the fiscal year ended June 30, 2019, major capital asset transactions for governmental activities include the following:

- Acquisition of land, rights-of-ways and construction in progress increased in the amount of \$3,863,494.
- Buildings and improvements increased in the amount of \$337,449.
- Land improvements increased in the amount of \$150,829.
- Infrastructure saw a decrease in the amount of \$2,029,303.
- Equipment and heavy equipment decreased in the amount of \$533,684.
- Vehicles for various departments increased in the amount of \$74,998.

For the fiscal year ended June 30, 2019, major capital asset transactions for the business-type activities (Stormwater Fund) include the following:

- Construction in progress decreased in the amount of \$19,015.
- Buildings and improvements decreased in the amount of \$1,010.
- Land improvements decreased in the amount of \$9,172.
- Infrastructure decreased in the amount of \$3,428.

Town of Kernersville, North Carolina Management's Discussion and Analysis

- Equipment and heavy equipment increased in the amount of \$383,541.
- Vehicles increased in the amount of \$44,881.

Additional information on the Town's capital assets can be found in Note 2.A.5 in the Notes to the Financial Statements.

Long-term debt. As of June 30, 2019, the Town of Kernersville had total bonded debt outstanding of \$2,040,000 for street construction. This debt was issued in fiscal year 2003-04 and refunded in the prior year. The last payment on the refunding debt is scheduled to occur in May 2024. This is a general obligation debt and, thus, is backed by the full faith and credit of the Town.

Total	<u>\$ 25,998,532</u>	<u>\$ 26,757,884</u>	<u>\$ 470,553</u>	<u>\$ 274,777</u>	<u>\$ 26,469,085</u>	<u>\$ 27,032,661</u>

The Town of Kernersville's total debt of both governmental and business-type activities had a net decrease of \$563,576 or 2.1% for the fiscal year ended June 30, 2019. The net decrease was primarily the result of less debt being issued than retired. Total debt currently stands at \$26,469,085.

Refunding bonds issued in fiscal year 2015-16 represent the only general obligation debt of the Town. As mentioned in the financial highlights section of this document, the Standard and Poor's Corporation rated the street construction debt AA+. The Moody's Investor Service rated the debt at Aa2. These ratings are a clear indication of the Town's financial condition and its consistency for managing its finances well.

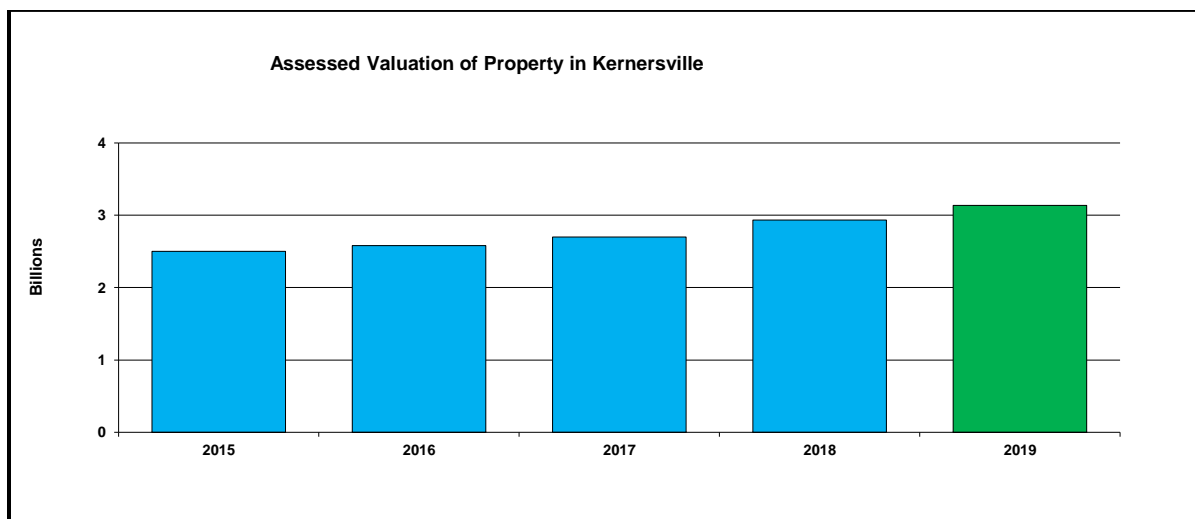

Town of Kernersville, North Carolina Management's Discussion and Analysis

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8% of the total assessed value of taxable property located within the government's boundaries or \$250,944,996. The total debt outstanding at the close of this fiscal year was \$26,469,085, for governmental and business-type activities, resulting in a legal debt margin for the Town of Kernersville of \$224,475,911. Hence, the total debt for the Town of Kernersville is 11.8% of the total legal debt margin. The Town has no authorized but unissued debt at June 30, 2019.

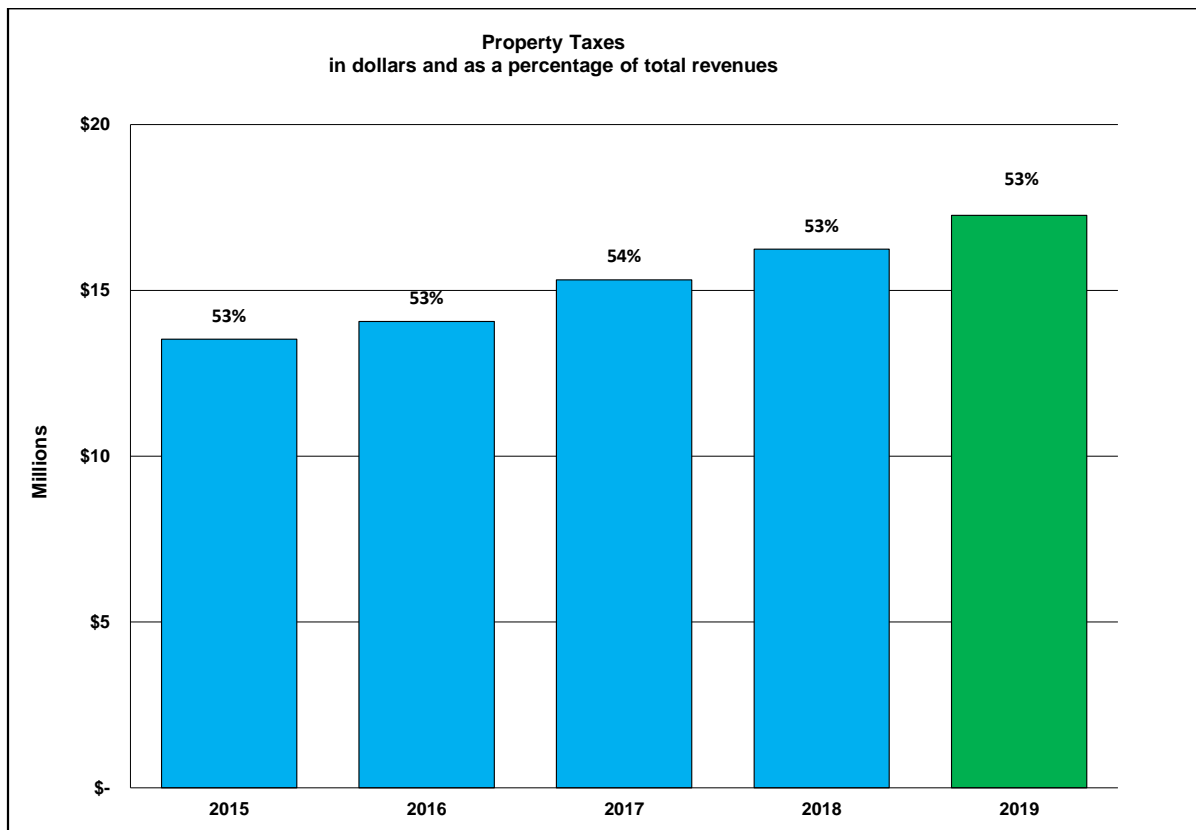

Additional information regarding the Town's long-term debt can be found on Section 2.B.7 of the notes.

Economic factors and next year's budgets and rates

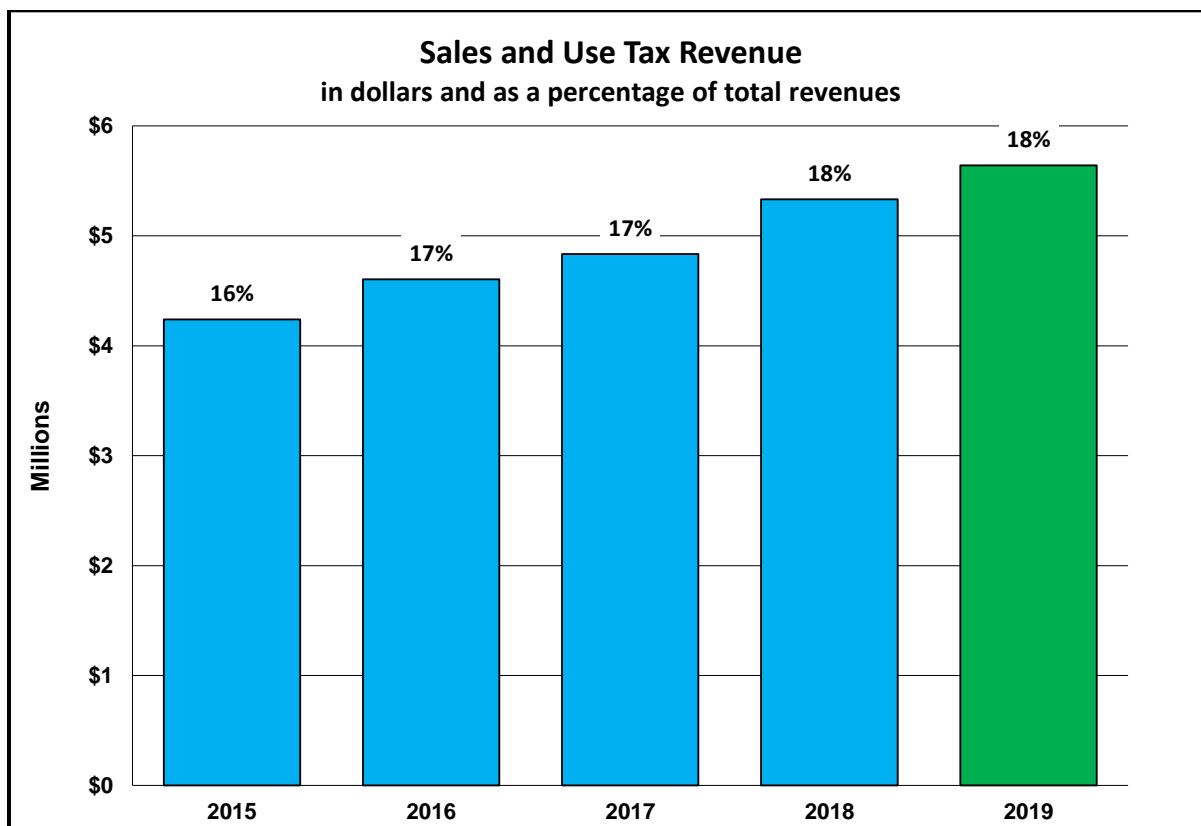

The following key economic information reflects the growth and prosperity in Kernersville.

**Town of Kernersville, North Carolina
Management's Discussion and Analysis**

The preceding graphs show that the Town's largest source of revenue, property taxes, increased steadily from 2015 to 2019.

Growth in the Town's second largest revenue source (sales and use tax) has increased steadily from 2015 to 2019. A 10.3% or \$497,694 collection increase was observed in 2018 followed by a 5.8% increase or \$310,015 in 2019.

Town of Kernersville, North Carolina Management's Discussion and Analysis

As indicated earlier, fund balance can be a good indicator of the General Fund's liquidity. The Town's General Fund - fund balance has increased gradually over the years, as can be seen from the graph above. From 2014 to 2015, the fund balance increased 9.8% primarily due to expenditures being less than budgeted including a fire truck that was not purchased. The increase of 7.7% in 2015-16 was primarily due to loan items not being purchased including a fire truck and self-contained breathing apparatus when a loan was received during the fiscal year and expenditures being less than budgeted. The increase of 3.0% or \$376,943 in 2016-17 was due primarily to an increase in taxes collected and an increase in contributions and donations. The increase of 11.1% or \$1,424,191 in 2017-18 was primarily due to equipment ordered at year-end but not received, projects in progress at fiscal year-end (paving and Founders park), and revenues exceeding expenditures.

The General Fund - fund balance increase of 17.0% or \$2,417,707 in 2018-19 was due to revenues exceeding expenditures. Regarding the revenues, there were measurable increases in multiple taxes collected: ad valorem property tax, utility sales tax, and local option sales and use tax. Regarding the expenditures, there were several large capital equipment purchases that were budgeted but not received and a large construction improvement project that was not completed at year-end: the Ivey Redmon Sports Complex ballfield lights, a fire pumper truck, and the South Main Street paving project.

While labor statistics are not available for the Town of Kernersville, they are available for both Forsyth County and Guilford County, where Kernersville is located. As of June 30, 2019, the unemployment rate for Forsyth County was 4.4% and Guilford County was 4.4% compared to the State seasonally adjusted rate of 4.1% during the same period. The data was obtained from the Employment Security Commission of North Carolina.

Budget highlights for the upcoming fiscal year ending June 30, 2020

Governmental funds: The General Fund budget for fiscal year 2019-20 was approved at \$35,042,203. The collection of property taxes - the Town's largest source of revenue - is expected to conservatively increase compared to the amount collected in fiscal year 2018-19 based upon prior collection history. The General Fund tax rate for the fiscal year ending June 30, 2020 is 57.00 cents per hundred-dollar valuation of taxable property.

The unrestricted intergovernmental revenue categories budgeted in 2019-20 are expected to modestly increase compared to the amounts collected in fiscal year 2018-19 based upon prior collection history.

The restricted intergovernmental revenue categories budgeted in 2019-20 allocates \$1,827,344 in budgeted loans. Combined with \$600 from fund balance, a total of \$1,827,944 will finance several capital outlay items including the following:

• Fire Pumper Truck	\$ 740,000
• Desktop Computer Replacements	\$ 62,950
• Email Server Replacement	\$ 32,000
• One (1) Staff SUV Vehicle	\$ 22,615
• Office Walls	\$ 65,000
• Five (5) Patrol SUV Vehicles	\$ 285,222
• Police Computer Replacements	\$ 62,503
• Eight (8) In-Car Cameras	\$ 48,199
• One (1) School Resource Office Vehicle	\$ 43,655
• One (1) Fire SUV Staff Vehicle	\$ 42,000
• Eleven (11) Air Bottles	\$ 12,000
• Fire Hose Replacement	\$ 86,200
• Ten (10) Mobile Data Tablets	\$ 49,000
• One (1) Flail Mower	\$ 30,000
• One (1) 4x4 Pickup Work Truck with Utility	\$ 30,000

Town of Kernersville, North Carolina Management's Discussion and Analysis

• Tire Mount Machine	\$ 13,000
• Tire Balance Machine	\$ 11,000
• One (1) All-Terrain Utility Vehicle	\$ 12,600
• One (1) Track Loader	\$ 70,000
• Mobile Stage	\$ 110,000

Other non-major governmental fund services and expenditures in 2019-20 are comparable to those in the prior year.

Enterprise fund: The budget for the Stormwater Enterprise Fund was approved at \$1,810,391 for 2019-20 with \$386,800 budgeted from drainage design and improvements at Corjon Road. Also, \$130,000 is budgeted for completion of the Ivey Redmon Stream Restoration Project. Although the Town will be eligible for up to \$400,000 in project expense reimbursement from the Federal Clean Water Trust, this revenue source was not recognized in the original Stormwater Enterprise Fund budget ordinance. Also notable, \$70,000 is budgeted for general storm drainage maintenance.

The installment purchase budget in 2019-20 allocates \$60,100 in loans to fund one (1) half-ton truck (\$33,100) and one (1) all-terrain vehicle (\$27,000).

Requests for information

This report is designed to provide an overview of the Town's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Finance Director, Town of Kernersville, 134 East Mountain Street, Post Office Drawer 728, Kernersville, North Carolina 27285.

As management of the Town of Kernersville, we offer readers of the Town of Kernersville's financial statements this narrative overview and analysis of the financial activities of the Town of Kernersville for the fiscal year ended June 30, 2019. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Expenditures, and Changes in Fund Balances -
Governmental Funds to the Statement of Activities**

Total net change in fund balances - total governmental funds	\$	(900,246)
--	----	-----------

Amounts reported for governmental activities in the Statement of
Activities are different because:

Governmental funds report capital outlays as expenditures.
However, in the statement of activities, the cost of those assets
is allocated over their estimated useful lives and reported as
depreciation expense. This is the amount by which capital
outlays exceeded depreciation in the current period.

Capital outlay expenditures which were capitalized	\$ 5,069,375	
Depreciation expense for governmental assets	<u>(4,417,341)</u>	652,034

Cost of capital asset disposed of during the year, not
recognized on modified accrual basis.

Proceeds on disposal of fixed assets under modified accrual basis	8,231	
Gain on sale of fixed assets recognized under full accrual basis	<u>(8,231)</u>	-

Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities.	673,344
--	---------

Benefit payments paid and administrative expense for the Law Enforcement Officers Separation Allowance are not included on the Statement of Activities	81,021
--	--------

OPEB benefit payments and administrative costs made in the current fiscal year are not included on the Statement of Activities	293,922
---	---------

Revenues in the Statement of Activities that do not provide
current financial resources are not reported as revenues
in the funds.

Amount of donated assets	604,468	
Change in unavailable revenue, property tax receivable	(106,994)	
Change in accrued interest receivable on property taxes	<u>(31,885)</u>	465,589

Statement of Revenues, Expenditures and Changes in Fund Balances
Governmental Funds
Year Ended June 30, 2019

Exhibit 4
(3 pages)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

New installment purchase obligations issued	\$	(2,849,150)	
Principal payments on long-term debt		3,608,502	
Change in accrued interest payable		<u>17,009</u>	\$ 776,361

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences	(74,670)	
OPEB plan expense	(898,773)	
Pension expense	<u>(1,293,193)</u>	(2,266,636)

Change in net position of internal service funds determined to be governmental-type.

Notes to Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Kernersville conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting entity

The Town of Kernersville (the "Town") is a municipal corporation which is governed by an elected mayor and a five-member Board of Aldermen. As required by generally accepted accounting principles, these financial statements present all funds, agencies, boards, commissions and authorities which are controlled by or are financially dependent upon the Town.

B. Basis of presentation

Government-wide statements: The statement of net position and the statement of activities display information about the financial activities of the overall government. Eliminations have been made to minimize the effect of internal activities upon revenues and expenses; however, interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the *governmental* and *business-type activities* of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The effects of interfund activity have been eliminated from the government-wide financial statements.

Fund financial statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category - *governmental* and *proprietary* - are presented. The emphasis of fund financial statements is on major governmental funds and enterprise funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as investment earnings, result from nonexchange transactions or ancillary activities.

Town of Kernersville, North Carolina

Notes to Financial Statements

The Town reports the following major governmental funds:

General Fund. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, state and federal grants, and various other taxes and licenses. The primary expenditures are for public safety, streets and maintenance, sanitation and general government services. Additionally, the Town has legally adopted a Capital Reserve Fund. Under GASB 54 guidance, the Capital Reserve Fund is consolidated in the General Fund. The budgetary comparison for the Capital Reserve Fund has been included in the supplementary information. The Capital Reserve Fund is used to account for resources to be used for future major capital purchases or projects.

Capital Project Funds. The Town reports one major Capital Project fund. The Fire Department Facility Capital Projects Ordinance Fund accounts for the financial resources and uses for the acquisition or construction of assets and improvements related to the Fire Department Facility.

The Town reports the following major enterprise fund:

Stormwater Fund. The purpose of the Stormwater Enterprise Fund is to finance the operations of the Stormwater Division, which was created in response to state and federal mandates, as well as a desire of the citizenry to ensure that the Town remains a quality community, especially in regard to environmental stewardship.

The Town reports the following non-major governmental funds:

Special Revenue Funds. The Town reports four special revenue funds. The Occupancy Tax Fund accounts for the revenue generated by the tax charged on hotel and motel rooms to be used to promote travel and tourism, and tourism-related expenditures; the Emergency Telephone System Fund accounts for 911 system subscriber fees and levies; the Contributions Fund accounts for donations used to support drug education programs; and the Law Enforcement Forfeitures Fund accounts for restricted proceeds resulting from the sale of properties seized in criminal investigations.

Capital Project Funds. The Town reports two non-major Capital Project funds. The Public Works Facility Capital Projects Ordinance Fund accounts for the financial resources and uses for the acquisition or construction of assets and improvements related to the Public Works Facility. The Kerner Mill Greenway Capital Projects Ordinance Fund accounts for the financial resources and uses for the acquisition or construction of assets and improvements related to the Kerner Mill Greenway.

Additionally, the Town reports the following non-major proprietary funds:

Internal Service Fund. The Internal Service fund accounts for operations that provide services to other departments or agencies of the Town, or to other governments, on a cost-reimbursement basis. The Town has one Internal Service Fund. The Self-Insurance Fund accounts for workers' compensation insurance provided for the Town's employees.

C. Measurement focus and basis of accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Government-wide and proprietary fund financial statements: The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Governmental fund financial statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under installment purchase agreements are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, state law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the state of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year end on behalf of the Town are recognized as revenue. Sales taxes are considered a shared revenue for the Town because the tax is levied at the county level and then remitted to and distributed by the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues.

Grant revenues which are unearned at year end are recorded as unearned revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net positions available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

D. Budgetary data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the Special Revenue Funds, and the Enterprise Fund. All annual appropriations lapse at the fiscal year end. Project ordinances are adopted for the Capital Project Funds.

Town of Kernersville, North Carolina

Notes to Financial Statements

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds and at the object level for multi-year funds. The Town Manager is authorized to make budget amendments to all departments and line items within the same fund, and is required to have such amendments entered into the minutes of the next regular meeting of the Board of Aldermen. During the year, amendments to the original budget were necessary, the effects of which were not material.

E. Assets, liabilities, deferred outflows/inflows of resources and net position or fund balance

(1) Deposits and investments

All deposits of the Town are made in board-designated official depositories and are secured as required by state law [G.S. 159-31]. The Town may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town to invest in obligations of the United States; or obligations fully guaranteed, both as to principal and interest, by the United States; obligations of the state of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT).

The Town's investments are reported at fair value. Non-participating interest earning contracts are accounted for at cost. The NCCMT Government Portfolio, a SEC-registered (2a-7) external investment pool, is measured at fair value. The NCCMT Term Portfolio is a bond fund, has no rating and is measured at fair value. As of June 30, 2019, the NCCMT Term Portfolio has a duration of 0.11 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

(2) Cash and cash equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents.

(3) Restricted assets

Performance bonds in the amount of \$574,151 are classified as restricted cash on the balance sheet. The Town requires developers/contractors to pay a performance bond to guarantee successful performance on certain construction projects. Once the Town has ensured that the work has been satisfactorily completed, the performance bonds are released. In addition, there is \$1,588,588 of unexpended debt proceeds that are restricted to the purpose for which the debt was issued.

(4) Ad valorem taxes receivable

In accordance with state law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1st, the beginning of the fiscal year. These taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. The taxes levied are based on the assessed values as of January 1, 2018. As allowed by State law, the Town has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the Town's General Fund, ad valorem tax revenues are reported net of such discounts.

(5) Allowances for doubtful accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables written off in prior years.

Town of Kernersville, North Carolina

Notes to Financial Statements

(6) Prepaid assets

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid assets in both government-wide and fund financial statements and expensed as the assets are used.

(7) Capital assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain amount and an estimated useful life in excess of three years. Minimum capitalization costs are as follows: buildings and improvements - \$20,000; infrastructure - \$100,000; and furniture, equipment and vehicles - \$5,000. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 30, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or historical cost. General infrastructure assets acquired prior to July 1, 2003 consist of road network assets that were acquired or that received substantial improvements subsequent to July 1, 1980, and are reported at estimated historical cost using deflated replacement cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Buildings and improvements	50 years
Land improvements	25 years
Infrastructure	40 years
Furniture, equipment, and heavy equipment	5 to 10 years
Vehicles	6 years

(8) Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town has one item that meet the criterion for this category: pension deferrals for the 2019 fiscal year. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Town has two items that meet the criterion for this category: property taxes receivable and pension deferrals.

(9) Long-term obligations

In the government-wide financial statements and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or business-type activities statement of net position.

(10) Compensated absences

The vacation policy of the Town provides for a maximum accumulation of 240 hours of earned vacation leave based on an employee's years of service, five years or greater. Such leave is fully vested when earned. Employees that have 0 to 4 years of experience cannot accrue any vacation. At the end of each calendar year, any vacation balance in excess of the amount that an employee could accrue in a 24-month period is converted to sick leave. Any accrued vacation not converted to sick leave in excess of the maximum accumulation shall be cancelled.

Town of Kernersville, North Carolina

Notes to Financial Statements

For the Town's government-wide funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The Town has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The Town's sick leave policy provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the Town has no obligation for accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

(11) Net position/fund balances

Net position

Net position in the government-wide financial statements is classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments, or imposed by law through state statute.

Fund balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Non-spendable fund balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact.

Prepaid Assets - portion of fund balance that is not an available resource because it represents the year-end balance of costs applicable to future accounting periods, which are not spendable resources.

Restricted fund balance - This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State Statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 1559-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State Statute". Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding encumbrances are included within RSS. RSS is included as a component of restricted net position and restricted fund balance on the face of the balance sheet.

Restricted for Capital Equipment - portion of fund balance that is restricted due to unexpended installment purchases for the purchase of capital assets.

Restricted for Tourism - portion of fund balance restricted by occupancy tax revenues for tourism-related expenditures.

Town of Kernersville, North Carolina

Notes to Financial Statements

Restricted for Public Safety - portion of fund balance that is restricted by revenue source for certain emergency telephone system expenditures and for law enforcement expenditures.

Committed fund balance - portion of fund balance that can only be used for specific purposes imposed by majority vote by the government through formal action at the highest level of decision-making authority (Town of Kernersville's Board). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Committed for Capital Projects - portion of fund balance that is set aside by the Board for capital projects.

Assigned fund balance - portion of fund balance that the Town of Kernersville intends to use for specific purposes.

Subsequent year's expenditures - portion of total fund balance available for appropriation that has been designated in the next year's budget ordinance, as approved by the Town's governing body.

Unassigned fund balance - portion of fund balance that has not been restricted, committed, or assigned to specific purposes.

The Town of Kernersville has a revenue-spending practice that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond and installment financing proceeds, federal funds, state funds, local non-town funds, town funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and finally unassigned fund balance. The Finance Officer has the authority to deviate from this practice, if it is in the best interest of the Town.

The Town of Kernersville has adopted a minimum fund balance policy for the General Fund, which instructs management to conduct business of the Town in such a manner that available fund balance is at least equal to or greater than 20% of budgeted expenditures.

(12) Pensions

For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Town's employer contributions are recognized when due and the Town has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

2. Detail Notes on All Funds

A. Assets

(1) Deposits

All deposits of the Town are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town's agents in the Town's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town, these deposits are considered to be held by the Town's agent in its name. The amount of the pledged collateral is based on an approved averaging method for noninterest-bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no formal policy regarding custodial credit risk for deposits, but relies on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2019, the Town's deposits had a carrying amount of \$3,687,401 and a bank balance of \$3,402,761. Of the bank balance, \$750,000 was covered by federal depository insurance and the remainder was covered by collateral held under the Pooling Method.

At June 30, 2019, the Town's petty cash fund totaled \$5,800.

(2) Investments

At June 30, 2019, the Town's investment balances were as follows:

<u>Investments by Type</u>	<u>Valuation Measurement Method</u>	<u>Book Value at 6/30/2019</u>	<u>Maturity</u>	<u>Rating</u>
NC Capital Management Trust - Government Portfolio	Fair Value Level 1	\$ 2,237,041	N/A	AAAm
NC Capital Management Trust - Term Portfolio	Fair Value Level 1	<u>12,297,627</u>	0.11 years	Unrated
Total		<u>\$ 14,534,668</u>		

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets of a group of assets.

Level of fair value hierarchy:

Level 1 - Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets.

The Town does not have a formal investment policy.

Town of Kernersville, North Carolina
Notes to Financial Statements

Credit Risk. The Town has no formal policy regarding credit risk, but has internal management procedures that limits the Town's investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. The Town's investment in the NC Capital Management Trust Governmental Portfolio carried a credit rating of AAAm by Standard & Poor's as of June 30, 2019. The Town's investment in the NC Capital Management Trust Term Portfolio is unrated. The Term Portfolio is authorized to invest in obligations of the U.S. government and agencies, and in high-grade money market instruments permitted under G.S. 159-30 as amended.

(3) Due from other governments

Amounts due from other governments consist of the following:

	<u>Governmental Activities</u>
General fund:	
Sales and use tax distribution	\$ 1,489,954
Sales tax refunds	389,446
Utilities franchise, video programming, solid waste, and telecommunications tax	440,733
Rental vehicle tax	3,392
Alcohol beverage tax	150,476
Miscellaneous grant reimbursements	<u>690</u>
Total general fund	2,474,691
Occupancy tax fund:	
Occupancy tax reimbursement	<u>14,090</u>
	<u><u>\$ 2,488,781</u></u>

(4) Receivables - allowance for doubtful accounts

The amounts presented in the Balance Sheet and the Statement of Net Position for the year ended June 30, 2019 are net of the following allowances for doubtful accounts:

General fund:	
Taxes receivable	\$ <u>73,000</u>

Town of Kernersville, North Carolina
Notes to Financial Statements

(5) Capital assets

Capital asset activity for the year ended June 30, 2019 was as follows:

	<u>Beginning Balances</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balances</u>
Governmental activities:				
Capital assets not being depreciated:

B. Liabilities

(1) Accounts payable and accrued liabilities

Accounts payable and accrued liabilities at June 30, 2019, were as follows:

	<u>Governmental Activities</u>	<u>Business- Type Activities</u>	<u>Total</u>
Payable to vendors and others	\$ 871,286	\$ 65,847	\$ 937,133
Accrued payroll and related liabilities	<u>298,854</u>	<u>11,860</u>	<u>310,714</u>
Total accounts payable and accrued liabilities	<u>\$ 1,170,140</u>	<u>\$ 77,707</u>	<u>\$ 1,247,847</u>

(2) Pension plan and postemployment obligations

(a) Local Governmental Employees' Retirement System

Plan description. The Town of Kernersville is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the state of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members - nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the state of North Carolina. The state's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. Town of Kernersville employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The Town's contractually required contribution rate for the year ended June 30, 2019, was 8.5% of compensation for law enforcement officers and 7.75% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Town were \$1,016,821 for the year ended June 30, 2019.

Refunds of contributions. Town employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Town of Kernersville, North Carolina
Notes to Financial Statements

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions. At June 30, 2019, the Town reported a liability of \$5,066,136 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2018, the Town's proportion was 0.214%, which was an increase of 0.001% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the Town recognized pension expense of \$1,269,924. At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 781,584	\$ 26,226
Changes of assumptions	1,344,357	-
Net difference between projected and actual earnings on pension plan investments	695,430	-
Changes in proportion and differences between Town contributions and proportionate share of contributions	-	215,571
Town contributions subsequent to the measurement date	<u>1,016,821</u>	<u>-</u>
Total	<u>\$ 3,838,192</u>	<u>\$ 241,797</u>

\$1,016,821 reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30

2020	\$ 1,258,070
2021	814,053
2022	120,793
2023	386,658
2024	-
Thereafter	-

Actuarial assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00 percent
Salary increases	3.50 to 8.10 percent, including inflation and productivity factor
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

Town of Kernersville, North Carolina
Notes to Financial Statements

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Expected Target Allocation</u>	<u>Real Rate of Return</u>
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	<u>100.0%</u>	

The information above is based on 30-year expectations developed with the consulting actuary for the 2017 asset, liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's proportionate share of the net pension liability to changes in the discount rate. The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the Town's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate:

Town of Kernersville, North Carolina
Notes to Financial Statements

	<u>1% Decrease (6.00%)</u>	<u>Discount Rate (7.00%)</u>	<u>1% Increase (8.00%)</u>
Town's proportionate share of the net pension liability (asset)	\$ 12,169,298	\$5,066,136	\$ (869,377)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the state of North Carolina.

(b) Law Enforcement Officers Special Separation Allowance

Plan description. The Town of Kernersville administers a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance. At December 31, 2019, the Separation Allowance's membership consisted of:

Retirees receiving benefits	10
Terminated plan members entitled to, but not yet receiving benefits	-
Active plan members	<u>70</u>
Total	<u><u>80</u></u>

Summary of significant accounting policies, basis of accounting. The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the criteria which are outlined in GASB Statement 73.

Actuarial assumptions. The entry age actuarial cost method was used in the December 31, 2017 valuation. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	3.50 to 7.35 percent, including inflation and productivity factor
Discount rate	3.64 percent

The discount rate is based on the weekly average of the Bond Buyer General Obligation 20-Year Municipal Bond Index determined at the end of each month for the year ending December 31, 2017.

Mortality rates are based on the RP-2014 Series Mortality tables with adjustments for mortality improvements based on Scale AA.

Town of Kernersville, North Carolina
Notes to Financial Statements

Change in actuarial assumptions. On the prior Measurement Date (December 31, 2017), the Municipal Bond Index Rate, on which the discount rate is based, was 3.16%. Since the Prior Measurement Date, the Municipal Bond Index Rate has decreased to 3.64% as of the Measurement Date (December 31, 2018). This resulted in an \$112,125 decrease in the Total Pension Liability.

Contributions. The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The Town's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The Town paid \$175,396 as benefits came due for the reporting period.

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions. At June 30, 2019, the Town reported a total pension liability of \$2,864,831. The total pension liability was measured as of December 31, 2018 based on a December 31, 2017 actuarial valuation. The total pension liability was rolled forward to December 31, 2018 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2019, the Town recognized pension expense of \$238,048.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 181,864	\$ -
Changes of assumptions	186,499	122,959
Benefit payments and plan administrative expense made subsequent to the measurement date	<u>81,021</u>	<u>-</u>
Total	<u>\$ 449,384</u>	<u>\$ 122,959</u>

The \$81,021 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ending June 30, 2020. Other amounts reported as deferred outflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30

2020	\$ 58,940
2021	58,940
2022	58,940
2023	58,841
2024	9,743
Thereafter	-

Sensitivity of the Town's total pension liability to changes in the discount rate. The following presents the Town's total pension liability calculated using the discount rate of 3.64 percent, as well as what the Town's total pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.64 percent) or 1 percentage point higher (4.64 percent) than the current rate:

	<u>1% Decrease (2.64%)</u>	<u>Discount Rate (3.64%)</u>	<u>1% Increase (4.64%)</u>
Total pension liability	\$ 3,103,925	\$ 2,864,831	\$ 2,646,319

Schedule of Changes in Total Pension Liability
Law Enforcement Officers' Special Separation Allowance

	<u>2019</u>
Beginning balance	\$ 2,775,271
Service cost	114,611
Interest on the total pension liability	84,927
Difference between expected and actual experience	177,543
Changes of assumptions or other inputs	(112,125)
Benefit payments	<u>(175,396)</u>
Ending balance of the total pension liability	<u>\$ 2,864,831</u>

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the five year period ending December 31, 2014.

(c) Total Expense, Liabilities, and Deferred Outflows and Inflows of Resources Related to Pensions

Following is information related to the proportionate share and pension expense for all pension plans:

	<u>LGERS</u>	<u>LEOSSA</u>	<u>Total</u>
Pension expense	\$ 1,269,924	\$ 238,048	\$ 1,507,972
Pension liability	5,066,136	2,864,831	7,930,967
Proportionate share of net pension liability	0.214%	n/a	
Deferred outflows of resources:			
Differences between expected and actual experience	781,584	181,864	963,448
Changes of assumptions	1,344,357	186,499	1,530,856
Net difference between projected and actual earnings on plan investments	695,430	-	695,430
Changes in proportion and differences between contributions and proportionate share of contributions	-	-	-
Benefit payments and administrative costs paid subsequent to the measurement date	1,016,821	81,021	1,097,842
Deferred inflows of resources:			
Differences between expected and actual experience	26,226	-	26,226
Changes of assumptions	-	122,959	122,959
Net difference between projected and actual earnings on plan investments	-	-	-
Changes in proportion and differences between contributions and proportionate share of contributions	215,571	-	215,571

(d) Supplemental Retirement Income Plan

Plan description. The Town of Kernersville contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Additionally, the Town has elected to include all permanent, full-time employees under this plan. The Supplemental Retirement Income Plan is included in the Comprehensive Annual Financial Report (CAFR) for the state of North Carolina. The state's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding policy. Article 12E of G.S. Chapter 143 requires the Town to contribute each month an amount equal to 5% of each sworn law enforcement officer's salary, and all amounts contributed are vested immediately. Participants may also make voluntary contributions to the Plan.

The Town made contributions of \$168,379 for the reporting year. No amounts were forfeited.

(e) Other Postemployment Benefits

(i) Healthcare benefits

Plan description. Under the terms of a Town resolution, the Town administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). This plan provides postemployment healthcare benefits to retirees of the Town, provided they participate in the North Carolina Local Governmental Employees' Retirement System. For the Town to contribute 100% of the employer's contribution toward health care premiums, the retiree must have completed at least 25 years of creditable service with the Town. To receive 75% of the employer's contribution, the retiree must have completed at least 20 years of creditable service with the Town. To receive 50% of the employer's contribution, the retiree must have completed at least 15 years of creditable service with the Town. Prior to June 30, 2005, employees qualified for full insurance benefits after ten years of creditable service with the Town. The Town pays the cost of coverage for these benefits through private insurers. Also, the Town's retirees can purchase coverage for their dependents at the Town's group rates. The Town's Board of Aldermen may amend the benefit provisions. A separate report was not issued for the plan. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Membership of the HCB Plan consisted of the following at June 30, 2019, the date of the latest actuarial valuation:

	General Employees	Law Enforcement Officers
Retirees and dependents receiving benefits	37	10
Terminated plan members entitled to but not yet receiving benefits	-	-
Active plan members	<u>248</u>	<u>70</u>
Total	<u><u>285</u></u>	<u><u>80</u></u>

(ii) Total OPEB liability

The Town's total OPEB liability of \$12,173,463 was measured as of June 30, 2019 and was determined by an actuarial valuation as of June 30, 2018.

Town of Kernersville, North Carolina
Notes to Financial Statements

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Salary increases	3.00 percent, including inflation and productivity factor
Discount rate	3.13 percent
Healthcare cost trend rates	Medical and prescription - 6.50% initially, trending down to 4.50% ultimately

The discount rate is based on the yield of a 20-year municipal bond Aa index as of the measurement date.

Changes in the Total OPEB Liability

	<u>2018</u>
Beginning balance	\$ 10,998,331
Service cost	432,433
Interest on the total pension liability	408,347
Changes of benefit terms	-
Differences between expected and actual experience in the measurement of the total pension liability	-
Changes of assumptions or other inputs	637,928
Benefit payments	<u>(303,576)</u>
Ending balance of the total OPEB liability	<u>\$ 12,173,463</u>

Changes in assumptions and other inputs reflect a change in the discount rate from 3.16% to 3.13%.

Mortality rates were based on the RP-2000 Tables, projected to 2028 with Scale AA.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.13 percent) or 1 percentage point higher (4.13 percent) than the current rate:

	<u>1% Decrease (2.13%)</u>	<u>Discount Rate (3.13%)</u>	<u>1% Increase (4.13%)</u>
Total OPEB liability	<u>\$ 13,626,844</u>	<u>\$ 12,173,463</u>	<u>\$ 10,891,702</u>

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	<u>1% Decrease (3.50%)</u>	<u>Discount Rate (4.50%)</u>	<u>1% Increase (5.50%)</u>
Total OPEB liability	<u>\$ 10,578,516</u>	<u>\$ 12,173,463</u>	<u>\$ 14,092,678</u>

Town of Kernersville, North Carolina
Notes to Financial Statements

OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB

For the year ended June 30, 2019, the Town recognized OPEB expense of \$898,773. At June 30, 2019, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>
Changes of assumptions	\$ 276,359

The amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30

2020	\$ 57,993
2021	57,993
2022	57,993
2023	57,993
2024	44,387
Thereafter	-

3. Other employment benefits

The Town has elected to provide death benefits to local law enforcement employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, state-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those local law enforcement employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death, are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. Because all death benefit payments are made from the Death Benefit Plan and not by the Town, the Town does not determine the number of eligible participants. The Town has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payrolls, based upon rates established annually by the state. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The Town considers these contributions to be immaterial.

4. Deferred outflows and inflows of resources

Deferred outflows of resources is comprised solely of pension plan deferrals in the current fiscal year in the amount of \$4,563,935.

Deferred inflows of resources at year end is comprised of the following:

Taxes receivable, net (General Fund)	\$ 227,256
Pension deferrals	364,756

Town of Kernersville, North Carolina

Notes to Financial Statements

5. Risk management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, errors and omissions, injuries to employees, illnesses of employees and natural disasters. The Town has general liability, auto and property coverages under a fully insured plan through Travelers Insurance. The Town's auto liability coverage has limits up to \$1,000,000 per occurrence, and the general liability coverage has limits up to \$3,000,000 per occurrence, depending on the type of loss. Property coverage is limited up to the total insurance values of the property policy.

The Town is self-funded for workers' compensation insurance. All claims are administered by a third-party administrator. The third-party administrator pays all bills for compensable claims and files documents required by the North Carolina Industrial Commission by personnel licensed to adjust workers' compensation claims in the state of North Carolina. Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The estimate of the claims liability also includes other claim adjustment expenses, regardless of whether allocated to specific claims. Estimated recoveries from salvage or subrogation, for example, are another component of the claims liability estimate. The Town is insured by Midwest Employers Casualty Company for workers' compensation claims in excess of \$550,000 up to statutory limits.

Changes in the balances of workers' compensation claims liabilities during the past two years are as follows:

	Year Ended June 30,	
	2019	2018
Unpaid claims, beginning of fiscal year	\$ 146,168	\$ 62,510
Incurred claims (including IBNR)	92,845	137,660
Claim payments	(148,690)	(54,002)
Unpaid claims, end of fiscal year	<u>\$ 90,323</u>	<u>\$ 146,168</u>

In accordance with G.S. 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond. The finance officer is bonded for \$250,000 individually. The remainder of the Town employees are also bonded under a blanket policy for \$250,000.

The Town carries flood insurance through Travelers Insurance. The Town's flood coverage limit is \$1,000,000 with a \$50,000 deductible. The Town has one structure, a recycling center, within a FEMA-designated "A" zone (an area close to a river, lake, or stream). The Town elected not to purchase excess flood coverage for that structure due to the unlikelihood that the structure would be damaged if flooding occurred.

The Town carries commercial coverage for all other risks or losses. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

6. Claims and judgments

Various claims and legal actions are pending against the Town, and it is not possible at this time to predict their outcome. However, in the opinion of management and the Town attorney, ultimate resolutions will not have a material, adverse impact on the Town's financial position.

Town of Kernersville, North Carolina
Notes to Financial Statements

7. Long-term obligations

(a) Direct borrowing installment purchase agreements - equipment and construction

The Town has entered into installment purchase agreements for the purchase and/or improvement of personal property including vehicles and equipment, as well as real property consisting of land and building improvements. The title to these assets is held in the name of the Town, and security interest has been granted to the financing institution. The installment purchase notes payable at June 30, 2019 are as follows:

Serviced by the General Fund:

Direct borrowing installment purchase note payable in the original amount of \$1,218,500 for the purchase of various land and buildings. The underlying assets are held as collateral against this note. The agreement requires a total of 15 annual variable payments with a fixed principal component of \$81,233, plus interest at 2.25%. Payments are due beginning August 20, 2012, and annually thereafter, with a final payment of all outstanding principal and unpaid interest due on August 20, 2026.	\$ 649,867
Direct borrowing installment purchase note payable in the original amount of \$1,000,000 for the purchase of a fire ladder truck. The underlying assets is held as collateral against this note. The agreement requires a total of 12 annual fixed payments of \$93,905, including interest at 2.25%. Payments are due beginning November 8, 2013, and annually thereafter, with a final payment of all outstanding principal and unpaid interest due on November 8, 2024.	521,591
Direct borrowing installment purchase note payable in the original amount of \$475,000 for the purchase of a fire pumper truck. The underlying asset is held as collateral against this note. The agreement requires a total of ten annual fixed payments of \$51,843, including interest at 2.00%. Payments are due beginning December 17, 2014, and annually thereafter, with a final payment of all outstanding principal and unpaid interest due on December 17, 2023.	244,383
Direct borrowing installment purchase note payable in the original amount of \$1,146,900 for the purchase of a tract of land within the Town's limits. The underlying asset is held as collateral against this note. The agreement requires a total of 15 annual variable payments with a fixed principal component of \$76,460, plus interest at 2.63%. Payments are due beginning June 17, 2016, and annually thereafter, with a final payment of all outstanding principal and unpaid interest due on June 17, 2030.	841,060
Direct borrowing installment purchase note payable in the original amount of \$1,550,400 for the purchase of various vehicles and equipment. The underlying assets are held as collateral against this note. The agreement requires a total of five annual fixed payments of \$318,523, including interest at 1.36%. Payments are due beginning August 26, 2015, and annually thereafter, with a final payment of all outstanding principal and unpaid interest due on August 26, 2019.	314,245

Town of Kernersville, North Carolina
Notes to Financial Statements

Installment purchase note payable in the original amount of \$1,097,000 for building and land improvements. The underlying assets are held as collateral against this note. The agreement requires a total of 10 annual variable payments with a fixed principal component of \$109,700, plus interest at 1.98%. Payments are due beginning September 18, 2015, and annually thereafter, with a final payment of all outstanding principal and unpaid interest due on September 18, 2024.	\$ 658,200
Direct borrowing installment purchase note payable in the original amount of \$5,130,000 for building and land improvements for the Public Services Administration Facility. The underlying assets are held as collateral against this note. The agreement requires a total of 60 quarterly variable payments with a fixed principal component of \$85,500, plus interest at 2.050%. Payments are due beginning January 21, 2017, and quarterly thereafter, with a final payment of all outstanding principal and unpaid interest due on October 21, 2031.	4,275,000
Direct borrowing installment purchase note payable in the original amount of \$3,185,000 for equipment and paving improvements. The underlying assets are held as collateral against this note. The agreement requires a total of 40 quarterly variable payments with a fixed principal component of \$79,625, plus interest at 1.83%. Payments are due beginning January 21, 2017, and quarterly thereafter, with a final payment of all outstanding principal and unpaid interest due on October 21, 2026.	2,388,750
Direct borrowing installment purchase note payable in the original amount of \$475,000 for the purchase of a fire truck. The underlying asset is held as collateral against this note. The agreement requires a total of 40 quarterly fixed payments of \$12,963, including interest at 1.74%. Payments are due beginning December 15, 2016, and quarterly thereafter, with a final payment of all outstanding principal and unpaid interest due on September 15, 2026.	352,485
Direct borrowing installment purchase note payable in the original amount of \$921,500, of which the General Fund has been allocated \$571,500 for the purchase of various vehicles and equipment. The underlying assets are held as collateral against this note. The agreement requires a total of 20 quarterly fixed payments of \$29,587, including interest at 1.38%. Payments are due beginning October 25, 2016, with a final payment of all outstanding principal and unpaid interest due on July 25, 2021.	261,751
Direct borrowing installment purchase note payable in the original amount of \$6,900,000 for land purchase and construction of the Fire Station. The underlying asset is held as collateral against this note. The agreement requires a total of 60 quarterly variable payments with a fixed principal component of \$115,000, plus interest at 2.63%. Payments are due beginning December 18, 2017, and quarterly thereafter, with a final payment of all outstanding principal and unpaid interest due on September 18, 2032.	6,095,000

Town of Kernersville, North Carolina
Notes to Financial Statements

Direct borrowing installment purchase note payable in the original amount of \$1,552,000 for land purchase and construction of the Fire Station. (b) General obligation indebtedness

On July 29, 2014, the Town issued \$4,065,000 in General Obligation Refunding Bonds, Series 2014, as authorized by a resolution adopted by the Board of Aldermen on June 24, 2014 with final approval granted by the Local Government Commission of North Carolina (the "LGC"). The proceeds from these bonds were used to refund the Town's previously outstanding General Obligation Street Bonds, Series 2004, as well as pay certain fees and expenses incurred in connection with the sale and issuance of the bonds.

All general obligation bonds are collateralized by the full faith, credit and taxing power of the Town. Principal and interest requirements are appropriated when due.

Bonds payable at June 30, 2019 consist of the following individual issues:

Refunding Bonds, Series 2014; principal due annually on May 1 beginning May 1, 2015 in installments of \$405,000 through 2023 with a final principal installment of \$420,000 due on May 1, 2024; interest due November 1 and May 1 beginning November 1, 2014 at 2.15% per annum.

\$ 2,040,000

Annual debt service requirements to maturity for general obligation bonds are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Governmental Activities</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 405,000	\$ 43,860	\$ 448,860

2023	405,000	17,738	422,738
2024	420,000	9,030	429,030
	\$ 2,040,000	\$ 132,226	\$ 2,172,226

Town of Kernersville, North Carolina
Notes to Financial Statements

The State of North Carolina limits the general obligation borrowing of the Town to 8% of its total appraised value of property subject to Town taxation. The Town's legal debt margin, as of June 30, 2019, is as follows:

Assessed value for taxation	\$ 3,136,812,444
Legal debt margin (8%)	250,944,996
Debt applicable to limitation:	
Outstanding general obligation debt	2,040,000
Revolving loan payable	2,400,000
Installment purchases	<u>22,029,085</u>
Total net debt applicable to limit	<u>26,469,085</u>
Remaining legal debt margin	<u>\$ 224,475,911</u>

(c) Revolving loan payable

On June 3, 2003, the Town was approved for a maximum loan amount of \$8,000,000 from the U.S. Environmental Protection Agency passed through the North Carolina Department of Environmental and Natural Resources under the Clean Water State Revolving Fund. The loan proceeds were used to assist in the relocation of the Deep River Pump Station, construction of the Twin Creek Pump Station, and construction of new force mains and interceptors ending at the Abbott's Creek Pump Station. The loan is repayable in equal principal repayments of \$400,000 plus interest at 2.42% through fiscal year ending 2025. The Town repaid \$400,000 during fiscal year ended June 30, 2019. The total amount outstanding at June 30, 2019 was \$2,400,000.

Annual debt service requirements to maturity for the Revolving Loan Payable are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Governmental Activities</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 400,000	\$ 58,080	\$ 458,080

D. Fund balance

The following schedule provides management and citizens with the information on the portion of General Fund balance that is available for appropriation:

Total fund balance - General Fund	\$ 16,623,471
Less:	
Prepaid assets	6,044
Stabilization by state statute	3,091,734
Capital equipment	<u>1,136,211</u>
Unrestricted fund balance	12,389,482
Working capital/fund balance policy	<u>7,008,441</u>
Remaining fund balance	<u>\$ 5,381,041</u>

The Town's fund balance policy defines Unrestricted Fund Balance as all committed, assigned, and unassigned fund balances. The Town of Kernersville has adopted a minimum fund balance policy for the General Fund, which instructs management to conduct business of the Town in such a manner that available fund balance is at least equal to or greater than 20% of budgeted expenditures.

3. Reconciliation of GAAP and Budget Basis Expenditures

The accompanying schedule reconciles certain General Fund transactions which are treated differently on Exhibit 4 (GAAP basis) and Exhibit 5 (budgetary basis). These differences relate to installment purchase transactions and the water/sewer bond indebtedness, and are summarized below:

	<u>Exhibit 4</u>	<u>Increase (Decrease)</u>		<u>Exhibit 5</u>
General government	\$ 4,364,518	\$ 846,371	(1)	\$ 5,210,889
Public safety	14,261,767	1,043,287	(1)	15,305,054
Public service	7,409,664	412,821	(1)	7,822,485
Culture and recreation	2,035,554	323,072	(1)	2,358,626
Debt service	-	925,328	(1)	925,328
Principal retirement	3,071,517	(3,071,517)	(1)	-
Interest and fiscal charges	<u>479,362</u>	<u>(479,362)</u>	(1)	<u>-</u>
Total	<u>\$ 31,622,382</u>	<u>\$ -</u>		<u>\$ 31,622,382</u>

(1) *Reclassification of installment purchases and note payments.*

4. Jointly Governed Organizations

The Town is a participating member of the Piedmont Triad Regional Council (PTRC), which is a voluntary association of local governments serving 73 member governments in a 12-county area. The PTRC was established to make and implement joint regional decisions by bringing together local elected officials on a regular basis to give them an opportunity to form working relationships and promote cooperation among the members. Each of the 73 participating governments appoint one member to the PTRC's Board of Delegates. The Town paid membership fees of \$5,193 to the PTRC during the fiscal year ended June 30, 2019.

The Town, along with six other municipalities and Forsyth County, is also a participating member of the Triad Municipal Alcoholic Beverage Control Board. The Town of Kernersville appoints one member to the nine-member governing board. This organization was established under North Carolina Alcoholic Beverage laws to operate liquor stores in the Davie, Forsyth, Guilford and Yadkin County areas. North Carolina General Statutes require the ABC Board to distribute its net income to the participating municipalities. The distribution to the Town amounted to \$575,373 during the fiscal year ended June 30, 2019. Complete financial statements for the Triad Municipal ABC Board are available through their administrative offices at 3127 Starlight Drive, Winston-Salem, North Carolina 27107-4141.

5. Interlocal Agreement

An interlocal agreement between the Town and City/County Utility Commission (CCUC), which oversees the Winston-Salem/Forsyth County water and sewer system, was established in 1996. As a condition of the interlocal agreement, the Town transferred control and ownership of its pre-existing water and sewer systems and extensions to the CCUC, and the CCUC agreed to assume sole responsibility for planning, constructing, operating and maintaining the water and sewer systems. As part of the agreement, it was determined that the CCUC would charge the Town's sewer service customers an incremental rate to defray costs of repairs and continual improvements to the systems. The incremental rate was set to decline over the next ten years, allowing the overall rate charged to the Town's sewer customers to parallel those charged to similar customers. However, during July 2003, the incremental rate was frozen and a Rate Differential Account was established to accumulate the difference between the frozen rate and the previously scheduled rates. The funds accumulated within the Rate Differential Account were to be used by the Town for future water and sewer projects and debt service of the revolving loan payable (see Note II.B.7.c). The Rate Differential Account remains in the possession of the CCUC. As of June 30, 2019, the Rate Differential Account amounted to \$6,660,306. Under the terms of the most recent modification agreement in July 2016, the contract was extended in perpetuity.

6. Summary Disclosure of Significant Contingencies

Federal- and state-assisted programs

The Town has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

7. Subsequent Events

Subsequent to year end, the Town of Kernersville entered into two installment purchase agreements for the purchase of personal property (primarily vehicles and equipment).

Supplementary Information

Non-Major Governmental Funds

Occupancy Tax Fund - accounts for the revenue generated by the tax charged on hotel and motel rooms to be used to promote travel and tourism, and tourism-related expenditures.

Emergency Telephone System Fund - accounts for 911 system subscriber fees and levies as provided for in North Carolina General Statute (NCGS) 159-26(b)(2). Under NCGS Chapter 62A, the Town of Kernersville imposes a monthly service charge to cover the cost of administering an enhanced 911 emergency telecommunications wire line system.

Contributions Fund - accounts for donations used to support drug education programs.

Law Enforcement Forfeitures Fund - accounts for restricted proceeds resulting from the sale of properties seized in criminal investigations.

Public Works Facility Capital Projects Ordinance Fund - accounts for the financial resources and uses for the acquisition or construction of assets and improvements related to the Public Works Facility.

Kerner Mill Greenway Capital Projects Ordinance Fund - accounts for the financial resources and uses for the acquisition or construction of assets and improvements related to the Kerner Mill Greenway.

Change from 2010 to 2019	37.6%	62.9%	42.5%	94.2%	182.7%

^a Ad valorem property taxes are the Town's most significant source of revenues. All other taxes and revenues are either comparatively insignificant or levied by a governmental entity other than the Town of Kernersville. Property tax increase is due to continued real property value growth and continued diligence in the collection of property taxes. This year's collection rate was 99.36%.

^b Includes taxes on piped natural gas, electricity, telecommunication services and video programming.

^c The Alcoholic Beverage Tax includes distributions from both the State and Forsyth County.

Note: As approved by the citizens of Kernersville in the Bond Referendum held in the November General Election of 1998, the Town has established a special assessment equal to five cents on the tax rate in order to retire the debt generated by the sale of long-term street bonds sold on May 4, 2004. These street bonds were subsequently refunded on July 29, 2014, upon issuance of the new general obligation bond funding.

The Town's basic property tax rate may be increased only by a majority vote of the Town's Board of Aldermen.

Note: Rates for debt service are set based on each year's requirements.

^a *A separate debt service fund has not been established, but revenues equal to five cents on the tax rate are used each year to pay the annual bond debt.*

^b *Overlapping rates are those of local and county governments that apply to property owners within the Town of Kernersville.*

^c *In 2009, the Town expanded into Guilford County under an annexation agreement.*

Town of Kernersville, North Carolina
Direct and Overlapping Governmental Activities Debt
June 30, 2018

Table 12

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable^{a & b}</u>	<u>Estimated Share of Overlapping Debt</u>
Debt repaid with property taxes:			
Forsyth County's general obligation debt	\$ 363,302,891	7.020%	\$ 25,503,863
Town of Kernersville's direct debt			<u>25,998,532</u>
Total direct and overlapping debt			<u><u>\$ 51,502,395</u></u>

^a Source: Forsyth County

^b For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value which is within the County's boundaries and dividing it by each unit's total taxable assessed value. This approach was also used for the Town of Kernersville's other debt.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Honorable Mayor and Members of the Board of Aldermen
Town of Kernersville, North Carolina

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Kernersville, North Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town of Kernersville's basic financial statements, and have issued our report thereon dated October 30, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Town of Kernersville's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Kernersville's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Kernersville's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Kernersville's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

High Point, North Carolina
October 30, 2019

Independent Auditors' Report on Compliance for the Major State Program and on Internal Control over Compliance in Accordance with Applicable Sections of OMB Uniform Guidance and the State Single Audit Implementation Act

Honorable Mayor and Members of the Board of Aldermen
Town of Kernersville, North Carolina

Report on Compliance for the Major State Program

We have audited Town of Kernersville, North Carolina's compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on its major state program for the year ended June 30, 2019. The Town of Kernersville's major state program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of state statutes, regulations, and the terms and conditions of its state awards applicable to its state program.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance of the Town of Kernersville's major state program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) as described in the Audit Manual for Governmental Auditors in North Carolina and the State Single Audit Implementation Act. Those standards, applicable sections of the Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Town of Kernersville's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major state program. However, our audit does not provide a legal determination on the Town of Kernersville's compliance.

Opinion on the Major State Program

In our opinion, the Town of Kernersville complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major state program for the year ended June 30, 2019.

Report on Internal Control over Compliance

Management of the Town of Kernersville is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Town of Kernersville's internal control over compliance with the types of requirements that could have a direct and material effect on a major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for the major state program and to test and report on internal control over compliance in accordance with applicable sections of the Uniform Guidance and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Kernersville's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency or combination of deficiencies in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on applicable sections of Uniform Guidance and the State Single Audit Implementation Act. Accordingly, this report is not suitable for any other purpose.

Note to Schedule of Expenditures of Federal and State Awards

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal and State Awards (SEFSA) includes the federal and state grant activity of the Town of Kernersville under the programs of the federal government and the State of North Carolina for the year ended June 30, 2019. The information in this SEFSA is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of the Town it is not intended to and does not present the financial position, changes in net position, or cash flows of the Town.

2. Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The Town of Kernersville has elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.
